Chapter #1

# Cursed Kajika

There still

least few Mart

But to get to a  
town... hmmm let's  
see... 30 more km  
not a very big  
town though

Shill

The sound of a  
car... a small one  
being chased by  
2 others...  
They've stopped,  
now they are  
yelling  
something

I'm so  
hungry... a rat  
or rabbit  
sounds good

You fool,  
stick with dog  
food, don't  
you realize  
that

damn...

What the hell? What did he just do? From that distance.....?

AHHH  
HHH!!!

uhh  
uhh...

**bshi!!!!**

Really?! From  
this tiny egg?!  
Aren't dragons  
really big?!

yeah

Dragon? By  
dragon, do you  
mean the dragons  
from Ronron  
Island? They  
still exist?

You probably saw  
it on the news but...  
the only two  
remaining dragons  
were killed in a  
great storm...

It was  
thought that they  
had become  
extinct, but this  
single egg was  
then found...

I, being such a  
nice person, then  
stole the egg  
back.

Upon learning  
this, Gribachi had  
his gang break  
into the island's  
laboratory and  
steal the egg.

Sounds like this is going to be difficult...

It's not like we have a specific destination, plus we will be saving a life form from extinction.

Let's just do it, Kajika

You're a smart tadpole

Hey, finally someone who understands

NO

Hey you, you said something earlier about being cursed by a fox? What did you mean?

Kajika was an evil child even his parents couldn't control

Hehehe, about 5 years ago

He was the trouble maker of the village

Hey, why are you gathering the guns?

Now that technology has been lost in our world, a gun is like a treasure. You can be rich just from selling these

Are you stupid? To sell them, of course

One day,  
Kajika was  
doing bad  
things as  
usual and

Wahahaha  
Wait for  
me!!!

The pissed  
fox became a  
spirit and cast  
a curse on  
Kajika

beard!!!

he  
meaninglessly  
killed a fox

Here!!

This is all  
your fault,  
damn!!!

To break the  
curse, he  
must save the  
lives of 1,000  
life forms

Watch  
your  
attitude

How many  
more  
curses?

Though he was  
killed, the killer was  
just a boy, so the  
spirit of the fox  
decided to  
accompany the child  
on the journey

He was turned  
into a Pax-Man,  
animals who have  
lived a long time  
have powers to do  
these things

The newly  
transformed  
Kajika was  
kicked out of  
the village and  
began  
an aimless  
journey

I'm dig,  
nice to  
meet you

you're  
a ghost?

It's been  
tough, I've  
had to watch  
over him and  
teach him the  
right path...

So, I am  
the fox  
that was  
killed  
that day

That's  
what's scary  
about Kajika

No

But you know,  
you were actually  
pretty lucky. Since  
you got so strong  
and can use those  
strange abilities  
from being cursed  
by a fox

So that's  
what  
happened

...no way.

He may  
seem  
strong, but  
the curse  
is actually  
holding  
down his  
true  
power

He was  
always strong,  
and most of the  
people from his  
village could  
use those  
kinds of  
abilities

And thus Kajika  
was drawn into a  
dangerous  
adventure....

Well... I was  
lucky that my  
ears and nose  
got really  
powerful.

## Chapter #2 Gibachi's Ambition

Island

to have more  
guys coming  
after her

So?  
Does

up a  
plan.
